

**International Student Form I-20/Form DS-2019 Request Packet**

The International Studies Office requires this completed form before issuing any student Form I-20 or DS-2019, which respectively support applications for F-1 or J-1 visa status. If your visa status in the U.S. will be based upon your enrollment at UVA, you must obtain F-1 or J-1 status. Students will apply for an F-1 or J-1 visa stamp in their passport before coming to the U.S. after they have received the form I-20 (for F-1 visa applications) or Form DS-2019 (for J-1 visa applications).

**International Questionnaire for 2020 Summer Session**

*PLEASE TYPE. Do not submit a handwritten form.*

*Instead of Form I-20, I would like Form DS-2019 to support J-1 status (see [issp.virginia.edu/newly-admitted-students](http://issp.virginia.edu/newly-admitted-students))  
NOTE: J-1 status is not available to all students and often carries a two-year home residency requirement.*
